Why work with us?

“

One of the things I really love about working with Karina and her Team in CM Creative is that they are all-in with the process and there is never any doubt that our success and our satisfaction and the quality of what is being put on the stand is at the top of their priority list

”

Why work with us?

“

The Selfieccino was something we really wanted at our booth, and CM Creative made the impossible possible and found a supplier for this amazing attraction at our booth. I absolutely recommend the team of CM-Creative.

Why work with us?

“

I would recommend CM Creative because they are very good, they do a great job because they have Karina at front who is ready for whatever may come – together with her awesome team.

Why work with us?

“

Our cooperation with CM Creative is a multi-task partnership. We like working with CM Creative, they deliver in time, everything is working and if there is a problem it is fixed quite rapidly.

”

DR. WOLFGANG HANSAL

CEO Hirtenberger Engineered Surfaces

Why work with us?

We worked out our requirements, and CM Creative designed a wonderful booth for us. You make good use of space, which is very nice. Furthermore, the quality of the components is great and the support is outstanding.

SUNNY WONG

Global Sales Manager & Director

Why work with us?

“

We received more than ten proposals for our stand. But as soon as we received the proposal from CM Creative it was a really easy decision. We were like: Oh my god, this is so great, we want this and the whole team voted for this proposal!

ABOUT CM

CM Creative is an international 360° marketing agency with headquarters in Barcelona and offices in Vienna & Lisbon.

Our clients highly value our creative end-to-end services thanks to our in-house architecture department, video & graphics production as well as our digital service and virtualization unit.

CM Creative has worked for many industries and also has a long track record in communicating complex matters for industry 4.0, technology and science. We also like to create social 360° initiatives that have a lasting impact on public awareness.
